

Voice Mail(留守番電話) 初期設定

321に電話をする

Welcome to your personal mail box only OPTUS mail box service...

(少し間がある)

暗証番号の設定-※¹

First we will set up your PIN number. Your PIN number is a secret number that protects the security and privacy of your messages. Pick a number that would be easy for you to remember but hard for anyone else to guess.

Enter your new PIN of 4 to 9 digits then press #.

暗証番号の設定-4桁から9桁の数字を押し、#を押し
暗証番号に続き番号、連続した同じ数字は使えません

(もし暗証番号が正しく入力されなかった時)

Your new PIN was not entered correctly. Please try again. You cannot use consecutive identical digits for your PIN. Enter your new PIN of 4 to 9 digits then press #.

違う暗証番号を入力し、#を押し

(正しく設定された時)

Your new PIN number is XXXX.

留守番メッセージの設定-※²

Now we will set up your personal greeting.

Your callers will hear when you reach your mail box. Record what you want your callers to hear. But be sure to say your name, ask for detailed message and ask them to enter # at the end of your greeting, to leave a number to call them back on.

①At the tone, record your personal greeting.

To end, press #.

留守番電話メッセージの録音-名前、相手の番号とメッセージを残した後に#を押し、#を押し

②Your personal greeting is XXXXXXXXXXXXXXXXXXXXXXX.

To keep the greeting you just heard, press 5.

To record a new personal greeting, press 7.

録音の確認- 録音の確定、5を押し
録音のやり直し、7を押し→①、②

Personal Greeting saved.

名前の録音-※³

Now we will set up your name recording.

Your name recording is a recording in your own voice used to identify your mail box to other users.

Just record your first and last name and then press #.

①At the tone, record your name.

When you have finished recording, press #.

名前、名字を言い、#を押し
